

White Mountain Education Association's 33rd Anniversary Celebration and Seminar

**SPIRITUAL WILL –
THE WILL
OF LIFE**

Spiritual Will is the energy of the Core of the human being. Our Core receives this energy from the Core of the Solar System, and it feeds into the Chalice of each human being. The more developed and unfolded the Lotus of the disciple, the greater (and safer) the expression of Spiritual Will.

This means that the energy of the will is going to express itself through the Lotus in the Higher Mind, stimulating each of the twelve petals, especially stimulating the petals of sacrifice. During certain cycles and during certain initiations, the will energy pours into the Lotus. At such times, the corresponding centers of the Chalice are going to receive a charge of Spiritual Will from the Core of our Solar System.
